(the "Company") shall be to oversee the accounting and financial reporting processes of the Company and its wholly owned subsidiaries, including the overview of the financial reports and other financial information provided by the Company to any governmental or regulatory body, the public and others who rely thereon; the Company's systems of internal accounting and financial controls; the selection, evaluation and retention of the Company's independent auditors; the qualifications and independence of the Company's independent auditors; the annual independent audit of the Company's financial statements under generally accepted accounting principles and the annual independent audit of the Company's insurance subsidiaries' financial statements under statutory accounting principles; the scope and activities of the Company's internal audit function; and compliance by the Company with applicable legal and regulatory requirements.

The Committee shall be comprised of not fewer than three members of the Board of Directors, and the Committee's composition shall satisfy the applicable requirements of the Audit Committee Rules of the Nasdaq Stock Market, the Securities Exchange Act of 1934 (the "Exchange Act"), the rules and regulations of the Securities and Exchange Commission (the "SEC") and the requirements of the Pennsylvania Insurance Holding Companies Act. Accordingly, all of the members of the Committee shall be directors:

- who have no relationship to the Company that may interfere with the exercise of their independence from management and the Company;

Role of the Committee

The Committee's role is one of oversight, and the Board of Directors recognizes that the Company's management is responsible for the preparation and publication of the Company's financial statements; the Company's system of internal controls and that the independent auditors are responsible for auditing those financial statements. In addition, the Board of Directors recognizes that the Company's financial management personnel and internal audit personnel, as well as the independent auditors, because of the nature of their relationship with the Company, are in a position to devote more time and acquire greater knowledge and more detailed information regarding the Company than do Committee members; consequently, in carrying out its oversight responsibilities, the Committee shall not be deemed to provide any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and to retain outside counsel, auditors or other experts to advise the Committee, all at the expense of the Company. The Committee shall have the authority to engage, and determine funding for, independent counsel and other advisors to the Committee.
